

# Niagara University Request for Student Religious Exemption to COVID-19 Vaccine, Spring 2022

Due no later than January 3, 2022

## **Section I: Student Information** (to be completed by student [or guardian if under 18])

Last Name	First Name	Student Email	Date of Birth	ID #

## **Section II: Religious Beliefs Exemption Request** (to be completed by student [or guardian if under 18])

**Requests for exemption based on religious beliefs:** Students who hold genuine and sincere religious beliefs contrary to the COVID-19 vaccination may be considered for an exemption after submitting a written statement which includes an explanation of how receiving the COVID-19 vaccination conflicts with the student's sincere religious belief or practice, and (2) certify how not receiving the COVID-19 vaccination will not otherwise prevent the students' completion of the programmatic or curricular requirement of their academic program.

### **Student statement (attach additional pages as needed)**

I certify that I have confirmed with my academic program that not receiving the COVID-19 vaccination will not prevent my completion of the programmatic or curricular requirements.

I understand that if I am not fully vaccinated against COVID-19, I will need to abide by all COVID-19 related health and safety restrictions if accessing a Niagara University facility, including, but not limited to, use of face masks, physical distancing, participation in surveillance testing, and quarantine. I am aware that students with approved exemptions can be excluded from Niagara University facilities if the campus is experiencing a high level of positive cases.
